Highly Qualified Teacher Data 2015-2016

The No Child Left Behind Act requires that school districts publicly report the annual progress of the Local Education Agency (School District) and each school campus served by the District in meeting the State's measurable highly qualified teacher objectives. To comply with federal law, the Lasara Independent School District hereby states that as of the 2015-2016 school year, 100% of all teachers teaching core academic subject areas are highly qualified.
